**Join the Kalgoorlie team in 2025 and be a central part of the local community:**

- build professional relationships.
- be supported in your learning by top-quality mentors and clinical supervisors.
- be an integral part of a small team working in a multidisciplinary environment with limited resources, and
- enjoy the freedom to explore the attractions of the regions in your time away from work.

**Kalgoorlie Health Campus is accredited by the Australian Medical Council (AMC) to provide the Workplace Based Assessment (WBA) Program. The WBA is an alternative to the AMC clinical examination for International Medical Graduates using the AMC Standard Pathway to achieve eligibility for general registration with the Medical Board of Australia.**

**To apply for a Workplace Based Assessment program opportunity you must first be successful and appointed to a junior doctor position with WA Country Health Service.**

#### The Role

Resident Medical Officers working at Kalgoorlie Health Campus will rotate through Emergency, General Medicine, Obstetrics and Gynaecology and Mental Health Departments and General surgery and High dependency unit (successful IMG applicant will be invited to apply for the WBA program if required).

You will provide a high quality of clinical service to all hospital patients under the supervision of clinical supervisors including Registrars, Consultants and other senior staff within a multidisciplinary team. You will also work within your ability and according to the hospital's core values and will be able to expand your knowledge and skills through the available learning opportunities.

Kalgoorlie is a great place to work. But don't take our word for it, hear from our wonderful staff about what makes the region such a rich and rewarding experience by watching this video: [WA Country Health Service - Goldfields](#)

## Experience life in the region

**The Goldfields is Western Australia's most southeastern region, bordering Pilbara Region, Wheatbelt Region, Great Southern Regions and South-Australia.**

Kalgoorlie Health Campus is a 100-bed inpatient facility and the largest regional public hospital in WA. When you join the team at Kalgoorlie Health Campus, you'll become part of a close-knit community of health professionals including specialist general surgeons, physicians, pediatricians and emergency medicine doctors. The hospital supports medical students through the Rural Clinical School, junior doctors rotating from Perth, Workplace Based Assessment doctors and registrars across a number of specialties. Fly in fly out clinicians and private clinicians provide additional supportive health services to the region.

**Kalgoorlie is Australia's largest outback city, and the heart of Western Australia's Goldfields region - Australia's gold capital. The area is more than three times the size of Victoria and covers almost a third of WA's total land mass.**

As the largest region in WA, its diverse natural environments range from sprawling deserts in the North and East to pristine white beaches and emerald seas in the South. With a population of more than 30,000, the city is a dynamic and sophisticated regional centre and has many chain stores and services. Sport facilities, clubs and societies and social services abound to support a good work life balance. Community is a key strength of the town. Being located inland the weather in Kalgoorlie is usually sunny, giving options to explore the outback and beach-side Esperance during your time off. Kalgoorlie is only 600 kilometres or a one-hour flight away from Perth.

**Our regional hospitals include Kalgoorlie and Esperance Hospitals. The region is open to flexible working and living arrangements.**
