Intradermal Sterile Water Injection (SWI) for Lower Back Pain in Labour

Intradermal SWI for Lower Back Pain in Labour

Program Assessment Guide	
Why must I have my skills assessed?	To confirm that you can safely, effectively and appropriately manage Intradermal Sterile Water Injections (SWI) in accordance with organisational and legislative requirements.
Who can assess me?	Staff who have been assessed as having this skill within their current scope of practice within WACHS.
What is the Assessor's role?	To determine whether or not you have achieved the standard necessary to be perform this new skill.
Where can the Assessment occur?	Assessment must occur in the work environment in a real or simulated environment.
How am I assessed?	Through practical assessment involving direct observation and questioning by an assessor. Recognition of Prior Learning (RPL) can be obtained by providing sufficient evidence to the Learning and Development Unit program coordinator.
What am I assessed on?	The performance criteria listed within the Skills Assessment Checklist.
How do I prepare for Assessment?	<ol style="list-style-type: none"> 1. Identify your knowledge and skills gaps utilising the performance criteria as your guide to the expectations of this competency. 2. Access the learning tools appropriate to this program and practice/learn. 3. Complete the "self-check" on the practical assessment tool.
What do I need to do?	<ol style="list-style-type: none"> 1. Inform your manager of your intention to gain this competency. 2. Arrange a time with the assessor to complete your practical assessment. 3. Bring your practical assessment tool with you to the practical validation / assessment. 4. Contact the assessor if you require assistance, or if you feel you are not ready to be assessed – prior to the arranged date of assessment. 5. Following completion of your assessment, forward all documentation to the Learning and Development Unit for record keeping and verification purposes.
What else do I need to know?	<ol style="list-style-type: none"> 1. All Assessment results are kept confidential. 2. You have the right of appeal, where by you may dispute the process or outcome of an assessment and seek reassessment. You need to approach the Program Coordinator or Learning and Development Coordinator and appeal against the results within five (5) working days after the assessment. <p style="text-align: right;"><i>Continued ...</i></p>

<i>Continued ...</i>	<ol style="list-style-type: none"> 3. All assessments conducted must be: <ul style="list-style-type: none"> · conducted safely, and stopped immediately when an assessment is deemed potentially unsafe · valid, reliable, flexible and fair. 4. After completing the assessment for this, unit candidates will receive one of the following grades - Competent or Not Yet Competent. 5. After the assessment has taken place, your assessor is to provide confidential feedback. This feedback will provide you with: <ul style="list-style-type: none"> · the results of the assessment · notification of identified learning gaps · guidance on appeal and/or reassessment opportunities and training pathways should the need occur. 6. All successful candidates are provided with email acknowledgement/certificates of attainment rather than grades or percentages. These are to be placed in your Continuous Learning portfolio. 7. If you have a complaint, and it is difficult to resolve, uncomfortable for staff to deal with or the complaint is about dissatisfaction with the service; the issue is to be referred to your local Learning and Development Coordinator.
