With regards to patients managed at WACHS facilities, we the undersigned agree:

- That we have read the WACHS Clinical Supervision of Junior Doctors Policy, and agree to adhere to the requirements of this Policy. In particular:
- The GP Supervisor is to:
  - have overall clinical responsibility of patients who are managed by the GP Trainee
  - arrange an orientation to the WACHS facility prior to the commencement of work by the GP Trainee
  - provide clear information on how to escalate the care of patients of concern, and ensure availability of appropriate clinical supervision at all times
  - personally review any patients of concern in a timely manner (or arrange for another senior doctor to do so if they cannot)
  - inform the Regional Medical Director of any significant clinical adverse event arising regarding a patient under the GP Trainee’s care in a WACHS facility, as soon as possible.
- The GP Trainee is to:
  - discuss WACHS patients under their care with their supervisor on a regular basis
  - inform the GP Supervisor as soon as possible about any patients of concern, including any patients who have a significant clinical deterioration.
- The WACHS facility is to:
  - inform the GP Supervisor and Registrar of the site’s clinical escalation policy and procedures.
